## Work To Speed Up On the Breakwater

Work on the Nawiliwili breakwater will be speeded up within the next few days, as some changes in regard to quarrying the rock have been completed and these changes will facilitate work in the quarry.

Very little laying of rock in the breakwater has been done in the past month owing to the fact that the changes in the quarry required most of the force and equipment.

To enlarge the quarry it was necessary to remove a large amount of waste rock and earth to uncover rock suitable for breakwater purposes. It must be remembered that all stones on the scarp of the breakwater above the low water mark must weigh eight tons or more and as a rock of this size is needed for every foot of breakwater constructed it can be seen that a large number of eight ton rocks must be quarried to carry on the work.

Removing this waste earth and rock was rather a large undertaking on the part of the breakwater force. Two hoisting engines were used in this work. One was placed at the foot of the slope and the other at the top. The lower engine was on the Koloa side of the slope while the upper was on the Lihue side. A large scraper was then used to scrape across the face of the slope. The principle is the same as used in steam plow work on the plantations. The steam shovel will then follow the scraper and will complete the clearing of the face of the rock after which the cranes will be used to remove and load the rock.

A portion of the face has now been cleared for the crane and the steam shovel will go ahead clearing more space. When the cranes have worked all the way across the face of the quarry the process will be repeated.

Work on removing the rock from the new portion of the quarry will begin today. A large amount of good rock has been found in this part of the quarry, but owing to the fact that it was necessary to uncover it, has slowed down the work on the breakwater a bit. About four hundred feet of breakwater has been completed to date.

## "SANDY" HUTTON ACCEPTS A POSITION ON HAWAII

A. G. (Sandy) Hutton, for the past two and a half years in the dry goods department of the Lihue Store, has accepted a position as manager of the plantation store at Pauilo, Hawaii, and he with his family will depart for their new home the first of the month. Mr. Hutton and his wife, who was Katherine Coney, have hosts of friends on Kauai, who, though they will rejoice with them in their advancement, will learn of their departure with genuine regret.

## Band and Ball Team Makaweli Attraction

The Hawaiian Sugar company is planning a big time at Makaweli on the Fourth of July, a two day celebration being the feature. The first part of the program which will take place on the evening of 3rd will be a series of band concerts in the various camps about the plantation. The band will be taken to the camps in the observation car of the company. A half hour of music will be rendered in each camp.

The Makaweli program, which will take place on the Fourth, calls for a parade in the morning and a baseball game in the afternoon, with a band concert as an extra feature. The Makaweli team can be expected to give the soldiers a great battle after the game they played last Sunday when they had the honor of being the first team to trim the chaups this season. The Makaweli team is playing great ball just now and should give a good account of themselves against the army.

The evening program at the Community House calls for a big vaudeville show with the army band in several special numbers. This should be by far the best show of its kind put on at the Community House and there is no doubt that seats will be at a premium.

## LIZZY TRUCK GETS SQUEEZED AT KEALIA

K. Shiraki of Anahola, operating Ford truck No. 40782, went amiss in his calculation on the Kealia hill last Friday morning, and as a result sustained two broken wheels, a cracked radiator, two smashed headlights and other injuries to his truck which will cost him a rather high sum to repair.

Shiraki was going toward Anahola and tried to pass a Moreland truck belonging to the Hawaiian Canneries company, going up hill in the same direction. A Denby truck, loaded with pineapples, was coming down the hill, but Shiraki miscalculated and failed to make the necessary distance. The driver of the Denby jammed his brakes and the Moreland also stopped, but the accident could not be avoided, the Ford truck being struck by both the Moreland and the Denby at the same time.

The Moreland was undamaged, but the Denby had its tool box and running board smashed. The driver of the Ford agreed to pay for all damages.

## BOYS AT CAMP RICE HAVING GREAT TIME

Word comes from Camp Rice, the Y. M. C. A. boys' camp at Hanalei, that everything is fine and dandy and that the forty-two boys composing the gang are having the time of their lives. They are quartered in six tents with a leader for each tent. The tent leaders are C. W. Cook, of the Honolulu Y; Dwight Rugh, University of Hawaii Y secretary; Jacob Maka, S. Kawakami, Rev. Wakai, U. Watada, and Neil Locke.

After establishing camp yesterday the whole bunch visited the Wet caves where they had a swim. Tomorrow a big swimming meet is to be pulled off at Wainiha at which time a number of records are due to be smashed.

Great preparations are being made for a celebration of the Fourth of July, to which the public is most cordially invited.

## ORNELLAS RECEIVES HIS COMMISSION AS POSTMASTER AT KOLOA

The commission making Joseph Ornellas postmaster at Koloa arrived from Washington this morning. He will assume his duties on the first of July and will move the office from its present location to the Kauai Trading company's store, of which he is the manager. Mr. Ornellas is at present spending a two weeks vacation on Hawaii.

## Important Finds By Exploring Party

The scientific party that has been exploring the Na Pali side of Kauai, returned Wednesday afternoon after a most interesting trip spent in the many valleys on the lesser known side of Kauai.

Much interesting information was gathered by the party, in regard to the former dwellers of Nualolo and Kalalau. According to Prof. Gregory these valleys show the finest type of terracing for agriculture in the Hawaiian Islands. The irrigation system used in these terraces in which taro evidently was grown displayed great engineering skill on the part of the early Hawaiians who lived there.

According to ancient Hawaiian stories these people were the only ones in the Hawaiian Islands who were not conquered by Kamehameha the Great, and the story goes that Kamehameha spent a great deal of time and men trying to subdue them. But due to the impregnable position of their valleys that could be held by a handful of men, he was finally forced to give up the attempt. The entrances to the valleys from the sea and land were up ladders or on narrow trails and it was easy for the dwellers to repel any attacks by outside forces.

One of the most interesting discoveries was that of a prow of an outrigger canoe in one of the caves high up on the cliff, that was brought down after some rather precarious cliff scaling by Ronald Von Holt and Lindsay Faye. In the prow of the canoe were three skulls that on first examination appeared to Prof. Gregory to belong to some race other than the Hawaiian, probably some race that belonged more in the south seas. This idea is only a conjecture on his part and he will not be able to give a final decision until he has studied the skulls more fully. The skulls are much smaller than the typical Hawaiian skull and unless it is proved that they are skulls of children, they may give some interesting light on the mystery of the origin of the Hawaiian people.

## DR. ELWOOD MEAD NOT TO VISIT GARDEN ISLAND

Dr. Elwood Mead, of the University of California, who is acting in the advisory capacity to the Hawaiian Homes Commission, and who was to have included Kauai in his tour, will not be able to make the proposed visit according to a letter received by H. D. Wishard, President of the Kauai Chamber of Commerce last Tuesday from Geo. P. Cooke, secretary of the homes commission. Mr. Cooke writes as follows: "I beg to acknowledge receipt of your very kind letter inviting Dr. Mead to Kauai. He would deeply appreciate such a visit, but owing to the shortness of his visit will be unable to give the time to this visit to the island of Kauai."

"He appreciates your very kind invitation and desires me to thank you on his behalf and to state that he regrets he will not be able to come to Kauai."

## LIHUE WILL MEET ARMY AT MAKAWELI FIELD ON TUESDAY, JULY 4

Arrangements have been made to have the Lihue team meet the army baseball team in the first game of the double header at the Makaweli diamond on the afternoon of July Fourth at Makaweli while the Makaweli team will meet them in the second game.

Mrs. C. L. Lane will depart for Honolulu for a trip to Seattle, her former home, sailing via Vancouver on the 8th of July.

Paul Baldwin returned from attending school on the mainland this morning.

## Large Still Found By Federal Officers

A spectacular raid on a de luxe moonshining plant was made by federal prohibition enforcement officers in the Hanalei district last Wednesday and one Yareku Kamekawa, a Japanese was arrested and fined \$200 by Judge Achi.

The plant was one of the best equipped that the officers have run across in quite awhile in their raids around the islands. The still was a huge affair and there was enough mash on hand to manufacture about one hundred gallons of oke. There was also twenty five gallons on hand which was destroyed.

One of the efficient features of the still was a cableway across the valley about 1000 feet long that was used to bring in ti root from the mountains to the still. The ti root would be gathered and tied in bunches and let down to the still by means of hooks. One of the bad features of the still was that it was made entirely of galvanized iron.

It took over two hours and a half hiking up the Hanalei valley by the officers to reach the plant. The still was destroyed and a sample of the okolehao was brought down as evidence. Kamekawa was brought before Judge Achi and pleaded guilty and was fined \$200.

Federal prohibition enforcement officers, W. Ah Fat, George Bruns and Chinito Moriama conducted the raid. They also arrested a Chinaman in Kapala for having opium in his possession which they found while looking for contraband liquor.

## YOUNG MUSICIANS ENTERTAIN FRIENDS AT LIHUE PARISH HOUSE

The piano pupils of Mrs. Ralph Bayless gave a decidedly interesting and well rendered recital at the Parish House last Tuesday evening to an audience of parents and friends to a number that comfortably filled the large auditorium. Each young musician at the close of his or her number was greeted with rounds of applause, which they received with gracious smiles and bows.

The number receiving the greatest applause was the last on the program, a sextet, "Les Sylphes," by Bachman. This number was unusual in that two pianos were used with three players at each. It was so perfectly rendered that the large audience demanded an encore. The following was the program:

Musical Poems	Hudson
(a) Marching Song.	
(b) Chiming Bells.	
(c) Tripping Fairies.	
Ruth Hagood	
Sonatina in G Major	Beethoven
Romance	Beethoven

## Kilauea Plans for A Big Celebration

The Kilauea Social Club and the Kilauea plantation plan an ambitious program for the celebration of Independence Day at that place. The celebration will start with a monster vaudeville show in the remodeled Kilauea hall, which will be followed by a dance in the main building, the music being furnished by Alapaki Smith's jazz band with Abraham Poepeo at the saxophone.

The vaudeville show will consist of eight numbers, any one being worth the price of admission. Specialty numbers that are bound to surprise are on the program while a one-act musical comedy with REAL chorus girls will be the headline feature.

The celebration for the employees of the plantation will be held at Kahili and will consist of water sports in the morning, with a big free luau as the special attraction. The water sports are for the plantation employees only and will consist of 21 events.

The following is the program of water sports:

Men's relay race, four men to team.  
 Boys' relay races.  
 Girls' relay races.  
 Men—50 yards.  
 Women—25 yards.  
 Women's tub race.  
 Girls' tub race.  
 Men and boy log jousting.  
 Canoe races.  
 Life saving contest.  
 Watermelon race.  
 Women's boat race.  
 Men's canoe jousting.  
 Fancy diving from spring board—men and boys.  
 Undressing race—shirt and pants.  
 Human obstacle race.  
 Turtle race.  
 Backstroke race.  
 Plunking race.  
 Mu-mu race.  
 Life-saving exhibition.  
 Water sports begin at 9:30 a. m. Train leaves for Kahili at 8:30 and 9:30. Only plantation employees allowed to enter events. Prizes given for all. Free luau at 11:30.

## PERSONALS

Dr. Jay M. Kuhns is in Honolulu attending the conclave of Shriners.

H. Alabao of Puhi was a returning passenger on the Claudine this morning.

Mrs. C. M. V. Forster of Lihue departed last week for Honolulu where she will visit with her mother, Mrs. King.

Mrs. D. P. R. Isenberg arrived from Honolulu last Friday morning for an extended visit on Kauai.

Mrs. Charles Christian, of Hanalei returned from Honolulu Friday morning after a visit of several weeks at the capital city.

Mrs. H. D. Wishard and Miss Blanche Wishard arrived on the Claudine last Friday morning. Miss Wishard arrived by the Matsonia from the mainland where she is attending Columbia University. This is her first visit to her home in three years.

J. Senda, the Lihue photographer will depart next Friday for Honolulu for a two weeks vacation.

"Jack" Coney returned this morning from a brief visit to town.

S. N. Hundley, of Kealia, returned this morning from Honolulu, where he went to attend the Shriner conclave.

Nuko Weight, well known Son of Rest, returned this morning from a short trip to town.

Mrs. A. I. Doyle, mother of Mrs. Ralph Bayless, will spend the coming month in Honolulu. She is sailing for San Francisco and North Dakota the latter part of July.

A. W. T. Bottomley, president of the American Factors Ltd., was an arrival via the Claudine this morning.

Rev. Charles Keahi, Judge Kaiwi and Mrs. Henry Malina will attend the 100th annual meeting of the Hawaiian Evangelical Association in Honolulu.

## Big Double Header Sunday at Elelee

Sunday will be a big day for baseball fans when the Alexander & Baldwin plantations put on the first part of their four-day celebration at Elelee with a doubleheader baseball game. Makee, last year's champions, will meet the army team in the first game of the double header at 1:30. Honolulu time, and McBryde will meet them in the second game. All games in the Kauai Baseball League will be postponed next Sunday, the games to be played off on July 23, before the second round starts.

With this arrangement of having Makee play the army team, Kauai fans will have an excellent chance to compare the baseball played by the service teams on Oahu with the sort played here as the Fort Ruger team which will represent the army on Kauai is just at present fighting for first place in the Sector League in Honolulu.

The Fort Ruger team won nine straight games in the league before meeting defeat at the hands of the Fort De Russey team last week. So there is no doubt that the Fort Ruger team will be a high class outfit and will make the local teams step if they hope to win.

The 55th Coast Artillery band will be an added attraction for local people. This band is rated as one of the best artillery bands in the islands and will be a treat to all lovers of music.

Admission will be ten cents for children, while general admission will be 25 cents, and automobile parking space will be \$1.00.

The band will also be on hand at the dance given by the McBryde Social Club at the Elelee Hall on Saturday evening and this promises to be one of the best dances of the year. Invitations have been sent all over the island by the club and a banner crowd is expected.

## KELLY ARRIVES WITH TROUT EGGS FOR KAUAI

H. L. Kelly, of the fish and game commission arrived this morning with a large consignment of trout eggs which will be hatched here and planted in the Mohihi and Wailae streams at Kokee and the Wainiha stream at Hanalei.

## MONTHLY FILIPINO COMMUNITY SOCIAL

(From the Makaweli News)  
 Plans are being made to hold a monthly community social for and by the Filipinos living in the vicinity of the Makaweli Community House. The social will be in the nature of a get-together for the purpose of getting better acquainted and having a good time. These socials will be held on the last Saturday of each month and in addition to a program of games, there will be musical and other numbers and sometimes movies. They will be under the direction of Miss Mina, and assisted by Mr. and Mrs. Campos, R. P. Klot and others.

Remember the date: Every last Saturday of each month, a good time for all.

## English Class Being Planned

A class in English is being planned for the people of Camp 4. Anyone interested see Miss Mina.

## 312 JAPANESE VOTERS ON OAHU REPORT SHOW

There are 312 voters of Japanese ancestry in the fourth and fifth districts of Oahu, according to a tabulation of the registered voters of the city and county of Honolulu. The figures compiled by the city and county clerk's office show that the Hawaiians hold the political control in the city, says the Nippon Jiji.

Of 312 Japanese votes 188 are in the fifth district and 124 in the fourth district.

The total number of votes in the two districts is classified into races, as follows:

Hawaiian 5038; part Hawaiian, 2212; American 4622; Portuguese 1512; Chinese 923; Japanese 312; British 560; others 412. Total 15,591.

Mrs. J. Ashton Hogg will sail on the Lurline next Saturday for a three months visit to the coast. She will be accompanied by her youngest son, Tommy.
